

Permanent Committee Manufacturing and Quality Control of HMP's

GRAZ
2007

Workshop 2007

**Pharmacokinetics of Herbal
Medicinal Products: Useful or not?**

**Introduction of the Chair:
Prof Dr Beat Meier, Wädenswil**

The main problem in the production of HMP's:

High price quality

Low price products

Earlier Topics

**The general topic of the workshops of our PC is
„How to handle complex mixtures
in an easy way“**

Kiel 2003:

Near Infrared Spectroscopy NIRS

Florence 2005:

The practice of dissolution

Helsinki 2006:

Metabolomic profiling by NMR

Graz 2007

Pharmacokinetics

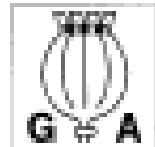

Questions to discuss today

How much of pharmacokinetics do we need?

**Do pharmacokinetic data indicate
a therapeutical effect?**

**Do we study pharmacokinetics of HMP
because there is a scientific trend
or an order of official guidelines?**

Today's Topic

Scientific approach

Karin Wölkart, Graz

**View of the
Austrian Medicines and
Medical Devices Agency
(AGES PharmMed)**

Reinhard Länger, Vienna

The industrial R&D perspective

Friedrich Lang, Karlsruhe

Publication

There, you will find the documents of the actual and earlier workshops
