Scientific Awards and Travel Grants

The GA offers travel grants for GA conferences and numerous awards every year.

Why become a GA member?

GA - inspired by nature

THE GA IS AN INTERNATIONALLY HIGHLY REGARDED AND INDEPENDENT ORGANIZATION PROMOTING THE BENEFIT OF HERBAL MEDICINAL PRODUCTS AND FOSTERING THE PROGRESS IN NATURAL PRODUCT RESEARCH

For Academia

The GA advocates the scientific study of medicinal plants and natural products and their scientifically founded evidence based use.

The GA promotes research on high-quality medicinal plant / natural products and contributes to the economic success of this category of products.

For Industry

For pharmaceutical companies, a GA membership offers a wide range of networking opportunities, contacts with an international web of experts and enables companies to be involved in research and development, globally.

For Organizations

The GA is the leading forum for scientific discussions, presentations and publications on medicinal plants and natural products evolving from academic researchers, regulators, non-governmental organizations and industry on a worldwide level.

GA@net

The GA offers access to the **GA@net - a networking platform from and for our members:**

Companies, regulators and academic groups have acquired expertise in very special fields of medicinal plant and natural product research. GA@net is a platform to share and connect this information collected over the years, and to fill informational gaps. We aim at stimulating translational and interdisciplinary collaborations worldwide. GA members are invited to fill in their data in a four-step online form and choose the field(s) of expertise. Access rights are given only to GA-members, who can retrieve information from the GA@net.
